

MQA *FLEX*

Excellence in Qur'an and Academics

About Us

MQA FLEX is a Blended Learning program which combines Quran *Hifdh* program and an Accredited Academics program. Students attend a full school day and receive Quranic and academic instruction.

Vision is to guide and graduate *Huffadh* students and to prepare them in their journey towards academic excellence.

Hifdh at MQA

- The MQA Hifdh program allows students to finish memorization of the entire Quran within a maximum of 4 years, typically 3 years.
- MQA focuses on training the students to have strong revision.
- Our hifdh teachers are highly trained Huffadh with excellent tajweed.
- MQA Hifdh classes have a small student to teacher ratio.

Why MQA *FLEX*?

MQA *FLEX*, in collaboration with Texas Connections Academy of Houston (TACH), an accredited and a virtual program, is a blended learning program.

Blended Learning is using both online and in-class learning teacher experiences.

MQA *FLEX* students have access to facilities such as Quran labs and group study spaces for optimal learning experience.

MQA *FLEX* serves students who aspire to be Qur'an *Huffadh* along with their pursuits in Academic education.

MQA *FLEX* students have access to a plethora of courses from TCAH as well as Quran and Islamic Studies from MQA Quran Teachers and Academic Learning Instructors.

MQA *FLEX* allow students to meet all requirements for middle school and high school graduation mandated by the Texas Education Agency (TEA).

TCAH Curriculum Built for Online Learning

3rd through 12th Grade Course Offerings - TCAH is a Tuition-Free School Online, Bringing public school and online learning together in a way that works for students and their families.

Our On-Site Learning Instructors

Math and Science Specialist

MQA FLEX provides students with a highly qualified on-site Math and Science instructor. Our learning instructors assist students one-on-one in all levels of mathematics and science at the elementary to high school levels. *FLEX* students also receive individualized SAT/ACT prep. Having trouble with a difficult geometry problem or not sure where to begin with your chemistry lab experiment? Our math and science learning instructor is here to help.

ELA and Social Studies Specialist

In addition, MQA FLEX also provides a highly experienced on-site ELA and Social Studies specialist to assist students in all areas and levels of English & Language Arts and Social Studies courses. Students get personalized assistance with essay writing, reading strategies as well as, the guidance needed to be successful.

MQA *FLEX* Students

- An **MQA *FLEX*** student is responsible, self-motivated, engaged, and exhibits the highest level of integrity.
- **MQA *FLEX*** students meet with with the teachers to review their learning progress, discuss their work, ask questions or receive assistance with difficult concepts.
- Students attend a combination of online and in person live classes; work under the guidance of a Learning Instructor on their lessons, projects, and assignments at school and at home.

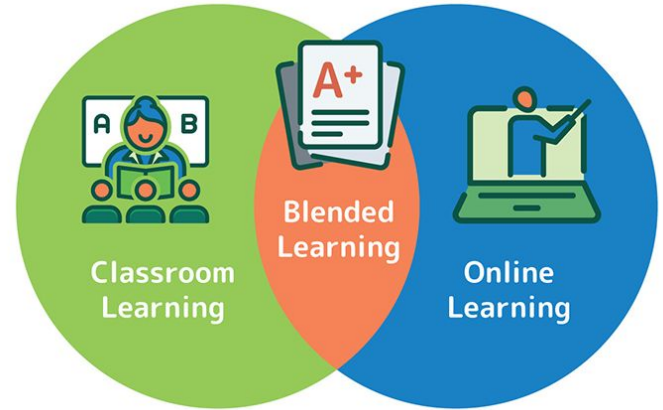

Frequently Asked Questions

Q: What is the difference between an online course and a blended learning course?

An online course may be taught solely online with an online teacher.

At MQA FLEX, students receive additional support from certified content teachers (Math/Science/English Language/Social Studies).

Blended learning courses are offered and taught by teachers at **MQA FLEX**.

Course material is presented online and face to face — this is why students at **MQA FLEX** succeed in their academic courses.

Frequently Asked Questions

Q: How can my student attend MQA FLEX?

MQA FLEX students must enroll in **Texas Connections Academy of Houston**, as well as at **MQA Academy**.

Seating is limited and on a first come, first served basis. For more information about registration, please contact
